EDUCATION

United International University - B.Sc. in CSE *Oct 2022 – Feb 2027*

CGPA: 3.96/4.00 | Credits Completed: 128

Monipur High School and College - HSC (Science) *Jul 2019 – Dec 2021*

GPA: 4.83/5.00

Banophool Adibashi Green Heart College - SSC (Science) *Jan 2017 – Apr 2019*

GPA: 4.28/5.00

EXPERIENCE

Undergraduate Teaching Assistant, UIU *Mar 2025 – Present*

- Assisted in Object-Oriented Programming (Java), Introduction to Computer Systems (C), Data Structures and Algorithms I (C++), Data Structures and Algorithms II (C++), Electronics, and Microprocessors and Microcontrollers
- Supported faculty in delivering instruction across 8 course sections, reinforcing concepts, guiding assignments, and mentoring students through course projects
- Mentored 50 probationary students through academic counseling to help improve academic performance and study strategies

Machine Learning Intern, CodeAlpha *Aug 2026 – Sep 2026*

- Completed a one-month virtual internship programme in machine learning (20 August – 20 September 2026)
- Received a letter of recommendation upon successful completion of the programme

PROJECTS

Vortex Arena - Multiplayer Game *(Java, Spring Boot, SQL, REST APIs & Godot Game Engine)*

- Implemented a server-authoritative multiplayer system with real-time combat and physics
- Optimized gameplay mechanics including a shrinking play area and live updates

Farmers Marketplace - Shombhar *(HTML, CSS, JavaScript, PHP, MySQL)*

- Designed a digital marketplace connecting farmers directly with customers and wholesalers
- Enabled multi-role management, secure transactions, and an integrated communication & blog system

Disaster Management System *(React, Node.js, MongoDB)*

- Developed a real-time disaster response platform with live chat and an alert system
- Facilitated coordination between volunteers, authorities, NGOs, government, and affected communities

ARAM - Autonomous River Monitoring *(Microcontroller, Sensors, Map Integration)*

- Developed an autonomous river monitoring system for real-time water-level tracking
- Integrated sensor data with live mapping for environmental monitoring and alerts

ACHIEVEMENTS

- 3rd Runners-Up, CSE Project Show 253 (among 93 teams) - CSE 2118: Advanced OOP Lab, Vortex Arena
- 3rd Runners-Up, CSE Project Show 252 (among 73 teams) - CSE 4326: Microprocessors Lab, ARAM
- Recipient of 8× 100% and 2× 25% Merit Scholarships for outstanding academic performance.
- Completed 11 professional development courses from Grameenphone Academia covering AI, communication, interview preparation, Excel, networking, and career readiness.

SKILLS

Languages: C, C++, Java, Python, HTML, CSS, React

Databases: MySQL, MongoDB

Tools: Git, Jira, Figma

OS: Linux, Windows, MacOS

INTERESTS

Watching movies, cooking and experimenting with different cuisines
